

ADDITIONAL TERMS OF THIRD PARTIES

Updated: August 10, 2025

OPEN-AI

1. ChatGPT is integrated into the Platform. ChatGPT is a natural language processing tool driven by artificial intelligence technology created and operated by OpenAI, L.L.C. ("**OpenAI**"). It is an OpenAI technology.
2. You agree you will not use, or allow others to use:
 - 2.1. OpenAI technology, Input or Output in a manner that violates any applicable law.
 - 2.2. Use OpenAI technology, Input or Output in a manner that infringes, misappropriates, or otherwise violates any third party's rights.
 - 2.3. Provide as Input to OpenAI technology any personal information of children under 13 or the applicable age of digital consent or allow minors to use OpenAI technology without consent from their parent or guardian.
 - 2.4. Use the Output to develop any artificial intelligence models that compete with OpenAI products and services.
 - 2.5. You are responsible for evaluating the Outputs for accuracy and appropriateness for your use case, including by utilizing human review as appropriate.
 - 2.6. You acknowledge that due to the nature of OpenAI technology and artificial intelligence generally, Output may not be unique and other users may receive similar content from our services. Responses that are requested by and generated for other users are not considered your Output.
 - 2.7. If you use OpenAI technology to process personal data, you must (a) provide legally adequate privacy notices and obtain necessary consents for the processing of personal data, and (b) process personal data in accordance with applicable law.
 - 2.8. Don't compromise the privacy of others, including:
 - 2.8.1. Collecting, processing, disclosing, inferring or generating personal data without complying with applicable legal requirements
 - 2.8.2. Using biometric systems for identification or assessment, including facial recognition
 - 2.8.3. Facilitating spyware, communications surveillance, or unauthorized monitoring of individuals
 - 2.9. You agree not to use OpenAI technology to create, receive, maintain, transmit, or otherwise process any information that includes or constitutes "Protected Health Information", as defined under the HIPAA Privacy Rule (45 C.F.R. Section 160.103).
 - 2.10. OpenAI technology is not designed nor intended to be used as a medical

device or to perform any medical function and should not be used as a substitute for professional medical advice, diagnosis, treatment, or judgment.

- 2.11. You may not use OpenAI technology to assist in identifying a person nor to solicit or infer private or sensitive information about a person. You may not use OpenAI technology to reproduce the likeness of any person without express consent and all necessary rights, nor to reproduce the likeness of anyone under 18.
- 2.12. Posting your own prompts or Output to social media is generally permissible. Please adhere to the following:
 - 2.12.1. Manually review each Output before sharing or while streaming.
 - 2.12.2. Attribute the content to your name or your company.
 - 2.12.3. Indicate that the content is AI-generated in a way no user could reasonably miss or misunderstand.
 - 2.12.4. Do not share content that violates OpenAI's [Content Policy](#) or that may offend others.
 - 2.12.5. If taking audience requests for prompts, use good judgment; do not input prompts that might result in violations of OpenAI's [Content Policy](#).
- 2.13. **Comply with applicable laws** – for example, don't compromise the privacy of others, engage in regulated activity without complying with applicable regulations, or promote or engage in any illegal activity, including the exploitation or harm of children and the development or distribution of illegal substances, goods, or services.
- 2.14. **Don't use OpenAI technology to harm yourself or others** – for example, don't use OpenAI technology to promote suicide or self-harm, develop or use weapons, injure others or destroy property, or engage in unauthorized activities that violate the security of any service or system.
- 2.15. **Don't repurpose or distribute Output from OpenAI technology to harm others** – for example, don't share output from OpenAI technology to defraud, scam, spam, mislead, bully, harass, defame, discriminate based on protected attributes, sexualize children, or promote violence, hatred or the suffering of others.
- 2.16. **Respect the safeguards** - don't circumvent safeguards or safety mitigations in the Platform.
- 2.17. Don't perform or facilitate the following activities that may significantly impair the safety, wellbeing, or rights of others, including:
 - 2.17.1. Providing tailored legal, medical/health, or financial advice without review by a qualified professional and disclosure of the use of AI assistance and its potential limitations;

- 2.17.2. Making high-stakes automated decisions in domains that affect an individual's safety, rights or well-being (e.g., law enforcement, migration, management of critical infrastructure, safety components of products, essential services, credit, employment, housing, education, social scoring, or insurance);
- 2.17.3. Facilitating real money gambling or payday lending;
- 2.17.4. Engaging in political campaigning or lobbying, including generating campaign materials personalized to or targeted at specific demographics;
- 2.17.5. Deterring people from participation in democratic processes, including misrepresenting voting processes or qualifications and discouraging voting.
- 2.18. Don't misuse OpenAI technology to cause harm by intentionally deceiving or misleading others, including:
 - 2.18.1. Generating or promoting disinformation, misinformation, or false online engagement (e.g., comments, reviews)
 - 2.18.2. Impersonating another individual or organization without consent or legal right
 - 2.18.3. Engaging in or promoting academic dishonesty
 - 2.18.4. Failing to ensure that automated systems (e.g., chatbots) disclose to people that they are interacting with AI, unless it's obvious from the context
- 2.19. Don't build tools that may be inappropriate for minors, including: Sexually explicit or suggestive content. This does not include content created for scientific or educational purposes.

GOOGLE

1. Veo, an AI-driven video generator created by Google, is integrated into the Platform.
2. You agree you will not use, or allow others to use Veo:
 - 2.1. To develop a product or service similar to or competing with, Veo;
 - 2.2. substitute, replace, or circumvent the use of an AI model, directly or indirectly, or create or improve models similar to a AI model;
 - 2.3. Reverse engineer or extract any components of Veo, Software, or its models (such as using prompts to discover training data).
 - 2.4. for clinical purposes (for clarity, non-clinical research, scheduling, or other administrative tasks is not restricted), as a substitute for professional medical advice, or in any manner that is overseen by or requires clearance or approval from any applicable regulatory authority

3. You agree to comply with Google's Prohibited Use Policy located at <https://policies.google.com/terms/generative-ai/use-policy>, as may be updated from time to time;

Storyblocks Stock Content.

Any Content that is labeled "Storyblocks" within the Platform shall be subject to and must be used solely in accordance with the following End User License Agreement, as may be amended from time to time: <https://static.lightricks.com/legal/storyblocks-end-user-license-agreement.pdf>. To the extent of any conflict or inconsistency between a provision of this Agreement and the Storyblocks EULA, solely with respect to the Storyblocks Content the latter shall govern.

Anthropic.

By entering into this Agreement, you also agree to be bound by the most current version of the Anthropic Commercial Term of Service available at <https://www.anthropic.com/legal/commercial-terms> and incorporated by reference into this Agreement. You acknowledge that factual assertions in Outputs should not be relied upon without independently checking their accuracy, as they may be false, incomplete, misleading or not reflective of recent events or information.

Lightning

1. DreamShaper XL is an AI Model created by Stability AI ("Stability AI"), and is integrated into the Platform.
2. You agree you will not use, or allow others to use, Stability AI technology:
 - 2.1. In any way that violates any applicable national, federal, state, local or international law or regulation;
 - 2.2. For the purpose of exploiting, harming or attempting to exploit or harm minors in any way;
 - 2.3. To generate or disseminate verifiably false information and/or content with the purpose of harming others;
 - 2.4. To generate or disseminate personal identifiable information that can be used to harm an individual;
 - 2.5. To defame, disparage or otherwise harass others;
 - 2.6. For fully automated decision making that adversely impacts an individual's legal rights or otherwise creates or modifies a binding, enforceable obligation;
 - 2.7. For any use intended to or which has the effect of discriminating against or harming individuals or groups based on online or offline social behavior or known or predicted personal or personality characteristics;
 - 2.8. To exploit any of the vulnerabilities of a specific group of persons based on their age, social, physical or mental characteristics, in order to materially distort the behavior of a person pertaining to that group in a manner that causes or is likely to

cause that person or another person physical or psychological harm;

2.9. For any use intended to or which has the effect of discriminating against individuals or groups based on legally protected characteristics or categories; To provide medical advice and medical results interpretation; or

2.10. To generate or disseminate information for the purpose to be used for administration of justice, law enforcement, immigration or asylum processes, such as predicting an individual will commit fraud/crime commitment (e.g. by text profiling, drawing causal relationships between assertions made in documents, indiscriminate and arbitrarily-targeted use).
